Entrance Test Pattern

The entrance test consists of 100 objective multiple-choice questions. The discipline component carries 80 percent of the paper and General Awareness carries 20 percent.

Particular	Details
Nature of test	100 objective multiple choice questions
Duration	90 minutes
Maximum marks	100

Particular	Details
Discipline component	Psychology specific questions 80 percent
General Awareness	20 percent
Negative marking	0.25 mark deducted for every wrong answer

Distribution of Questions

Component	Weightage	Indicative Questions
Discipline specific Psychology	80 percent	80
General Awareness	20 percent	20

Important marking note: Attempt questions carefully because each incorrect response attracts a deduction of 0.25 mark.

Indicative Discipline Syllabus

The discipline component assesses undergraduate level knowledge across the following areas of Psychology.

1. General Psychology

- Basic psychological concepts including sensation, perception, motivation, learning, memory, cognition, intelligence and emotions.

2. Social Psychology

- Attitude, prejudice, discrimination, social influence, group norms and interpersonal attraction.

3. Health Psychology

- Stress, health models and pain management.

4. Physiological Psychology

- Nervous system, visual system, hearing, somatosenses and sleep disorders.

5. Abnormal Psychology

- Paradigms of abnormal behaviour and psychological disorders based on DSM 5 TR.

6. Organisational Behaviour

- Motivation, job satisfaction, stress, leadership and organisational structure.

7. Research Methodology and Statistics

- Research designs, sampling procedures, measurement and testing, descriptive statistics, inferential statistics, hypothesis testing, parametric tests and non parametric tests.

8. Child Development

- Developmental theories, biological foundations and factors affecting growth during infancy and childhood.

Preparation Checklist

- Revise the core concepts and major theories listed under all eight discipline areas.
- Practise objective questions while maintaining accuracy because negative marking applies.
- Reserve regular study time for the 20 percent General Awareness component.
- Use timed mock tests to complete 100 questions within 90 minutes.
